

**Evidence + Background Knowledge = An Inference**  
**(My Thinking)**

Evidence: (this is what you see in the picture)

Background Knowledge: (this represents your experiences in life)

An Inference: when you combine the evidence and add your thinking, you make an inference

**HOLD STILL.**  
**I'm almost done.**

**Evidence + Background Knowledge = An Inference**  
**(My Thinking)**

Evidence: (this is what you see in the picture)

Background Knowledge: (this represents your experiences in life)

An Inference: when you combine the evidence and add your thinking, you make an inference
