

Name: _____

Equal Shmequal by Virginia Kroll

Today we will balance these animals:

1. mouse
2. turtle
3. rabbit
4. bobcat
5. wolf
6. deer
7. bear

Put the animals on the seesaw so that it is balanced on each side?

Use numbers, pictures and words to show your thinking.

When you are finished ... check to see if you have used numbers, words and pictures in your work.
Turn the paper over and see if you can balance the animals in a different way.
